

NOOSA NOTABLES SUBMISSION

LITTLE LAMBS TURNS 2!

Little Lambs Early Learning Centre at Good Shepherd Lutheran College has just celebrated its second birthday with a baby animal farm visit to mark the special occasion.

The Little Lambs children, aged three to five, were given the opportunity to interact freely with the baby animals including a two week old piglet, baby goats, baby alpacas and a little lamb of course!

“It is such special occasion for both the Centre and the children that we wanted to do something exciting,” said Centre Director Michelle Hoskins.

“The children were just so delighted to get up close with the animals and it is always so amazing to see how relaxed both the animals and the children are around each other.”

Ends.
